

Anti Semitism and Caste discrimination

I would like to share some thoughts what I have experienced while monitoring the hate speech.,

I monitored some of YouTube channels and whom are very proud about their tradition culture and language or religion., at my region southern part of India. , Tamilnadu

For example youtube channels :Sengol tv,. Tamil chinthanaiyalar peravai

I understood that those people, they are proud over their and tradition very much including “ Caste “according to their religion or culture

And the channel authors or presenters are making people misinformed or conspiring Jews ., they create an atmosphere like their culture or tradition is in danger because of the Jews ., Those channels spread conspiracy theories.,

Apart from other states Tamilnadu is literated ., but I saw them believing conspiracies !

People who have countered those hate speeches ,conspiracy theories and caste discrimination, they belong to ideologies like Ambedkarites , atheist.,, but the pride perpetrators (right or left) accusing those Ambedkarites and Atheist people also against their culture.,

Right wing ., These proud people make a point here for me to understand by Merging Anti semitism and caste discrimination at a single statement ,if anyone speaks against them they will say.,

“ they are against our culture or tradition or religion or language “

The reason for such kind of activities is simply pride

I end my point here .,every form of hate speech starts when the perpetrators feel proud about their tradition or culture., like Nazis.

They don't care about the “ Humanity” , they need their “ pride of tradition”

Thank you
