

Dear INACH members,

As we have informed you before, this year the Members Assembly will be organised online. Based on the responses we received from several members we decided to organise two short online sessions via ZOOM on Thursday 18th of June and Friday 19th of June from 15:00 hours until 17:30 hours (CEST). The time slot includes time to check in, a break and an optional 30 minutes to socialize at the end of each day. Please take a look at the attached agenda for the full programme. We hope the programme provides enough and diverse elements to keep the online meeting interesting and also fun to attend.

To make the online Members Assembly into a success, we also need your help. We would like to ask all of you to prepare the following and **send it to admin@inach.net before the 8th of June:**

A) 3 (fun) facts about your organization to be used for the Pubquiz at the 19th of June

B) 1 pager with updates/new developments/... from your organisation that you would like to share with the members.

We will publish these summaries on the (secured) members page of the INACH website one week before the Members Assembly. We will notify you when the webpage is ready and we will ask you to read the onepagers and prepare questions for the session at the 19th of June.

C) At the 18th of June there will be a follow-up session on the Members Assembly 2019. We kindly ask you to reflect on the following bulletpoints and provide us with input / thoughts and concrete ideas to work on:

- Projects department: partner matching tool, reflections and wishes for the future;
- Ideas and work not covered (yet) and follow-up to the 2019 Members assembly;
- Where does INACH need to go in future, also taking into account the increase of Cyber hate a.o. as a result of the Corona-crisis;

We will provide you with all (technical) information one week before the meeting. For now just download the [ZOOM Client for Meetings](#).

We look forward to meeting you all online for the Members Assembly. In case you have any further questions or when you are not able to attend the meeting, please inform us via: admin@inach.net.

Best regards,

INACH Secretariat
